

Help shape health reform in Oregon

The Oregon Health Authority is developing a plan to lower costs, increase access, and improve the quality of health care.

One of the key parts of the plan is the health insurance exchange, which will serve as a central marketplace to purchase health insurance available to all Oregonians.

Come learn more about the plan for health and health care improvements in Oregon and tell us how the health insurance exchange will work best for you.

The Oregon Health Authority is a leader in the effort to innovate for quality and affordable health care in Oregon, by putting the care back in health care, improving the health of Oregonians, and working to lower the cost of care so it is affordable and accessible to everyone.
