

**MEMORANDUM**

**TO:** Legislators and Candidates for the Legislative Assembly  
**FROM:** Chuck Sheketoff  
**DATE:** July 28, 2014  
**RE:** Petition supporting the closing of the Con-way tax loophole

We respectfully present the attached petition in support of the closing of the Con-way tax loophole that allows corporations with Oregon profits to avoid paying the state's corporate minimum tax.

In only a few weeks, 1,520 Oregonians signed the petition.

In tax year 2011, at least 24 profitable corporations paid no Oregon income taxes — despite the fact that Oregon has a corporate minimum tax. Of those 24 corporations paying nothing, eight had Oregon profits of more than \$5 million. Many more profitable corporations paid less than the corporate minimum.

The reason why there are profitable corporations paying less than the minimum, even nothing, is due to a tax loophole. Faced with a \$75,000 corporate minimum tax on \$79 million in Oregon sales, trucking giant Con-way, Inc. got the Oregon Supreme Court to approve a loophole allowing corporations to avoid even the most minimal contribution toward the common good.

It's wrong that some corporations with millions in profits and sales collected in Oregon pay no income taxes, while Oregon children sit in overcrowded classrooms and college students face unaffordable tuition. It's wrong that middle class families pay more in income taxes than some big and profitable corporations.

That is why the Oregon Center for Public Policy circulated the attached petition calling on the Legislative Assembly to close the Con-way Loophole, and why over a thousand Oregonians quickly signed, urging your support.

I look forward to hearing from you.

## Petition to the Oregon Legislature in Support of the Closing of the Con-way Tax Loophole

July 28, 2014

To the Oregon Legislature:

Some corporations reaping millions in profits and sales in Oregon are paying nothing in income taxes, even though Oregon has in place a corporate minimum tax.

It's wrong that some corporations pay nothing, especially when Oregon children sit in overcrowded classrooms. It's wrong that middle class families pay more in income taxes than big corporations.
