

## Tax Facts That Matter: 2016 Edition

### Who pays more taxes, low- or high-income households?

The income group in Oregon that pays the *highest* share of their income to state and local taxes:  
**Lowest income households.**<sup>1</sup>

The income group in Oregon that pays the *lowest* share of their income to state and local taxes:  
**The wealthiest 1 percent of households.**<sup>2</sup>

### Have taxes increased as a share of Oregonians' income?

Oregon state and local general revenue as a share of income in 1991: **15.7 percent.**<sup>3</sup>

Oregon state and local general revenue as a share of income in 2013: **15.7 percent.**<sup>4</sup>

### How much do working poor Oregonians pay in income taxes?

2014 federal poverty threshold for a family of four with two children: **\$24,008.**<sup>5</sup>

State income tax paid in Oregon by a family of four living at the poverty line in 2014: **\$130.**<sup>6</sup>

Of the 42 states with income taxes, the number that taxed the income of a family of four living at the poverty line in 2014: **14.**<sup>7</sup>

Oregon's rank in taxing the income of a family of four living at the poverty line in 2014:  
**9<sup>th</sup> highest.**<sup>8</sup>

### What share of income goes to the top 1 percent?

Share of income going to Oregon's top 1 percent in 2014: **15.5 percent.**<sup>9</sup>

Share of income going to Oregon's bottom 40 percent in 2014: **7.4 percent.**<sup>10</sup>

### What share of capital gains income goes to the top 1 percent?

Share of income from capital gains going to Oregon's top 1 percent in 2014: **55.3 percent.**<sup>11</sup>

Share of capital gains going to Oregon's top 5 percent in 2014: **73.8 percent.**<sup>12</sup>

Share of income from capital gains going to Oregon's bottom 95 percent in 2014:  
**26.2 percent.**<sup>13</sup>

## **How do lottery and income tax revenues compare?**

Anticipated state revenue from personal income taxes in 2015-17: **\$15.70 billion.**<sup>14</sup>

Anticipated state revenue from the Oregon Lottery in 2015-17: **\$1.22 billion.**<sup>15</sup>

Anticipated state revenue from corporate income taxes in 2015-17: **\$1.13 billion.**<sup>16</sup>

## **What's easier: raising taxes or curbing loopholes?**

Percent of each chamber needed to enact a bill for raising revenue: **60 percent (three-fifths).**

Percent of each chamber needed to reform or end most tax deductions, exemptions and credits: **50 percent + 1 (simple majority).**<sup>17</sup>

## **Do corporations pay a fair share of income taxes?**

Share of Oregon income taxes paid by corporations in 1973-75: **18.5 percent.**<sup>18</sup>

Share of Oregon income taxes corporations are projected to pay in 2017-19: **5.6 percent.**<sup>19</sup>

Amount of additional money Oregon schools needed in 2015-17 to provide all children a quality education: **\$1.8 billion.**<sup>20</sup>

Estimated new revenue for schools, healthcare and senior services each budget period from Initiative Petition 28 (IP 28), which would establish a 2.5 percent tax for C corporations on their Oregon sales above \$25 million: **About \$6 billion.**<sup>21</sup>

Share of income taxes corporations are projected to pay in 2017-19 if voters approve IP 28: **25.8 percent.**<sup>22</sup>

## **Who itemizes deductions and who uses the standard deduction?**

Share of Oregon taxpayers who itemized their deductions in 2014: **46.1 percent.**<sup>23</sup>

Share of Oregon taxpayers who used the standard deduction in 2014: **53.9 percent.**<sup>24</sup>

Share of Oregon taxpayers earning \$100,000 or less in 2014 who itemized: **38.3 percent.**<sup>25</sup>

Share of Oregon taxpayers earning \$100,000 or less in 2014 who used the standard deduction: **61.7 percent.**<sup>26</sup>

Share of Oregon's wealthiest 1 percent of taxpayers who itemized in 2013: **95.2 percent.**<sup>27</sup>

## Who benefits from the mortgage interest deduction?

Projected cost of the Oregon mortgage interest deduction in 2015-17: **\$962 million.**<sup>28</sup>

Share of Oregon taxpayers who benefited from the Oregon mortgage interest deduction in 2011: **33 percent.**<sup>29</sup>

Share of the Oregon mortgage interest deduction benefits going to the highest-earning 20 percent of Oregon taxpayers in 2011: **61 percent.**<sup>30</sup>
